## UNIVERSAL FREIGHT ORGANISATION

Universal Freight Organisation (UFO) is an ISO 9001 (Quality Management) and ISO 14001 (Environmental Management) certified organisation established in January 2000 to provide independent freight forwarders access to a trusted, worldwide network of agents who could handle their specialist shipments, whilst working professionally and safely under a strict Code of Conduct.

With 125 independent freight forwarders located in 112 countries, we are proud to have maintained our 'One Member per Country' policy (with the exception of USA and China), making us one of the only remaining exclusive freight forwarder networks in the world.

## FROM THE PRESIDENT/C.E.O.

With our gathering in Vietnam now over, we are already looking forward to our next meeting in .... Botswana. Despite Africa's robust growth, there is still much untapped potential for exporters, importers and therefore freight forwarders. We want to provide the opportunity for UFO Members to understand, explore and secure business in this rapidly expanding marketplace. See page 11.

To make getting there easier (and very exciting!) we are currently organising a luxury coach transfer option from Johannesburg (OR Tambo Int Airport) at 10:00 on Sunday 28 April so that we can travel together whilst taking in some amazing sights on the 4/5 hour journey. The cost is approximately USD 90 per person return including air conditioning, fridge, on-board toilet, reclining seats, undercarriage luggage storage compartment. More details to follow!

As mentioned during my Opening Session during our recent Annual Meeting in Vietnam, this summer we are carrying out a Membership Audit, which will result in some changes but more importantly more business growth, more inspiration and more creativity for our network.

For UFO to move into this new, exciting and stronger stage, we will be replacing some companies. As we are one of the world's only exclusive networks, we need to ensure that each company who occupies an entire country can service that country and are motivated to actively develop relationships within our network. Further details can be found in our Members Area and we will keep Members fully informed and up-to-date with developments.

Exciting times ahead!

Rachel Humphrey

# THE LOVE FOR FOOTBALL BRINGS THE WORLD TOGETHER!

It is true that the love for football brings the world together as UFO Members prove this week...

Katerina Bogdanova, Assistant to the General Director of MBB/Delta Cargo in Moscow says: "Robert Mrencevski of Spark Global Logistics came to Russia specially for the World Cup. We watched the 1st opening game between Russia and Saudi Arabia and then Rob moved to Kazan for the game between Australia and France."

"But the main game – Australia and Russia – UFO was the winner!"

Katerina added: "It is really amazing to have such a good opportunity to see each other not only during our Annual Meetings, but also share the emotions! Thank you, Rachel, for these established bridges among us, who became not only colleagues, but friends."

Pictured from left to right are Robert Mrencevski (Spark Freight) and Ilya Maslennikov in the MBB/Delta Cargo office before they left to watch the game.

## CRONOS FROM CHILE VISIT APEX IN JAPAN

Recently, Chilean members, Cronos Logistica visited the offices of Japanese members, Apex International!

The 2 UFO partners shared a great, beneficial meeting – Karla Benavente (Managing Director) and Georg Schneider (General Manager) from Cronos Logistica are photographed above with the Apex management team.

Apex and Cronos had recently met at the UFO 2018 Annual Meeting in Vietnam where they cemented their working relationship and friendship. The UFO Head Office loves hearing news of our members visiting each other!

# 2018 ANNUAL MEETING IN VIETNAM

Our 17th Annual Network Meeting took place from 13-15 May 2018 at the Hyatt Regency Danang Resort, situated on a stretch of white-sand beach, between the Marble Mountains and 20 minutes from Danang International Airport.

C.E.O.s and Senior Managers from more than 40 countries attended the gathering which consisted of a Gala Dinner, 1-2-1 Business Meetings, a Dinner Excursion plus a visit to the UNESCO World Heritage site, My Son Sanctuary.

On Sunday 13 May 2018, we gathered to meet fellow delegates and enjoy a welcome drink with uninterrupted views over the sea to the Son Tra Peninsula. We then enjoyed a Gala Dinner with live music. During the evening we had fun with our Twitter frame and selfie props. There was also a Twitter competition

(details on page 7).

During the Opening Session on Monday 14 May, President/C.E.O. Rachel Humphrey gave a brief synopsis of air cargo's recent growth by region and industry forecast, an account on the importance of the network's exclusivity policy and vision, a review of the recent Membership Audit, as well as introducing the new Membership Development Strategy, which is due to take place over the next 12 months. If you missed it, the narrated presentation is available in our Members Area. The Award Ceremony followed (details on page 3).

After a busy day in the meeting room, delegates were taken to the fantastic Nam Long Restaurant, where they were greeted by a Welcome Lion Dance and

then enjoyed a delicious dinner with open bar and were entertained by a traditional Drummer Band.

At the end of the 2-day meeting, delegates also had the option to visit the UNESCO World Heritage, My Son Sanctuary together.

The event raised over £1000 for the SOS Children's Village, which started its work in Da Nang in 1993. Communications & Fund Development Director, Nguyen Vo Truc Giang said: "We thank you very much for your offer to organize fund raising during UFO's meeting in Da Nang this May 2018. Your kind initiatives will help us a lot in taking better care for orphans, abandoned children and giving more support to children from struggling families around Da Nang and Quang Nam area of Vietnam."

## UNIVERSALLY FUNNY OBSERVATIONS

"WHICH SIDE IS THE  
FUEL FILLER ON AGAIN?"

# COLIN CHAPMAN OF 360 LOGISTICS ENTERING EVEREST MARATHON FOR HEART KIDS NEW ZEALAND!

As reported in the previous issue of Inside UFO...

360 Logistics Group have been our UFO members in New Zealand since 2003 and many of you will have met their Director and Major Shareholder, Colin Chapman at our past Annual Meetings. Colin has a passion for adventure racing and entered the highest marathon in the world which took place on Mount Everest! In addition to the challenge of the marathon itself, Colin and 360 used the event to raise funds for their chosen charity, Heart Kids New Zealand.

Colin and 3 friends departed New Zealand on the 14th May destined for Lukla Airport in Nepal with one of the most dangerous landing strips in the world. From there, they started a 10-day trek to Everest Base Camp at 18,000ft where the marathon began on the 29th May. This date was significant to commemorate the first successful ascent of Everest by Sherpa Tenzing Norgay and Sir Edmund Hillary in 1953.

"We are using the adventure to raise money for Heart Kids and have set ourselves a huge target of NZ \$250,000. The Heart Kids charity was set up nearly 40 years ago to help the 12-13 babies (and their families) that are born in New Zealand every week with life threatening heart complications. Tragically, 30-40 babies a year become heart angels."

"We have come up with a unique way of fundraising and are seeking to sell 42 'wish flags' for a minimum of NZ \$3500 each (after tax deductions, a net cost to your company of NZ \$2520). The team took 42 individual wish flags with them to Base Camp on Everest and flew them on the eve of the marathon. Each wish flag represented 1km of the marathon we competed in.

You could have purchased one or more wishes with your logo printed on the flag along with the child's wish. Now the adventure is complete and your wish flag has returned from Everest, it will be framed along with a photo of it flying at Base Camp and sent to you."

"Please visit: [www.runningeverestforheartkids.co.nz](http://www.runningeverestforheartkids.co.nz) and click on the supporter's page for to get an idea of the challenge as well as photos, training updates, details on the fundraising campaign and most importantly, to donate!"

"We deeply appreciate any support and spreading the word amongst your family, friends and colleagues. A big thank you to Rachel Humphrey who has already pledged a donation on behalf of the UFO Head Office."

All at the UFO Head Office are looking forward to seeing updates from Colin's brave adventure!

**We are excited to announce that our 18th Annual Network Meeting will take place from 28-30 April 2019 at Gaborone International Convention Centre (GICC) at The Grand Palm Resort in Botswana.**

IATA reports that global air freight is growing at its fastest rate since 2010. Last year, Africa posted the strongest growth among all regions, up 24.8%, with Africa-Asia trade increasing by more than 64% following an increase in the number of direct flights between the continents and driven by ongoing foreign investment into Africa.

Despite Africa's robust growth, there is still much untapped potential for exporters, importers and therefore freight forwarders. We want to provide the opportunity for UFO Members to understand, explore and secure business in this rapidly expanding marketplace.

Botswana is considered one of the safest and most stable countries in Africa. Botswana has a small population of 2.2 million; however, it has the potential to leverage its position in the region to serve as a gateway to the southern African market. Botswana is a member of the Southern African Development Community (SADC), a regional intergovernmental organization of fifteen African states. The SADC Trade Protocol is an agreement between Member States to reduce customs duties and other barriers to trade on imported products.

We look forward to announcing special guests for our Opening Session – watch this space!

## GETTING THERE

# 2019 ANNUAL MEETING IN BOTSWANA TO RAISE FUNDS FOR **SENTEBALE**, SUPPORTING YOUNG PEOPLE AFFECTED BY HIV

As UFO's 18th Annual Network Meeting will take place from 28-30 April 2019 at The Grand Palm Resort in Botswana, we have chosen to support Sentebale, a charity founded in 2006 by Prince Harry and Prince Seeiso, to support children and young people affected by HIV in southern Africa.

Sentebale's flagship programme takes the form of monthly Saturday clubs and residential weeklong camps, which help children to accept their HIV status amongst peers in safe environment, addressing their mental health and wellbeing, improving their adherence to medication and allowing them to lead healthy, happy lives.

In 2017, Sentebale launched its Let Youth Lead advocacy programme, aimed at encouraging all youth in sub-Saharan Africa to know and manage their HIV status by 2020.

The charity also provides vulnerable children throughout Lesotho with bursaries to enable them to achieve their secondary education, and grants to community-led organisations caring for the needs of orphans and vulnerable children.

Sentebale's website says: "We help the most vulnerable children in Lesotho and Botswana get the support they need to lead healthy and productive lives. Sentebale works with local grassroots organisations to help these children – the victims of extreme poverty and the HIV/AIDS epidemic. Together, we're making a big difference to these children's lives. We can do even more with your help."

# UFO FOUNDATION: FUNDRAISING

## THIS YEAR

### SOS CHILDREN'S VILLAGES, DANANG, VIETNAM

Our 17th Annual Network Meeting raised funds for the SOS Children's Village, which started its work in Danang in 1993. Today, the SOS Social Centre offers a family strengthening programme to members of the surrounding communities, which aims to identify struggling families and provide all the support they need so that their children will be safe and healthy and can attend school.

The village cooperated with local authorities and organisations in order to reach out to 420 children this year and aim to support as many vulnerable, at-risk, abandoned or orphaned children from the neighbourhood surrounding the SOS Children's Village as possible. For parents who are struggling to look after their children, SOS provide monthly grants so that they can meet basic needs. They also offer health counselling and psychological support.

For another 117 children who are no longer able to live with their parents, 16 SOS families can provide a loving home. In each family, they live with their brothers and sisters, affectionately cared for by their SOS mother.

Together with children from the neighbourhood, they go to the SOS Kindergarten, where 199 children are taught. The SOS Hermann Gmeiner School with its 27 classrooms, laboratories, a library and a canteen offers classes up to secondary level. It is now serving 1032 students. Both the kindergarten and the school are open to children from the neighbourhood with additional scholarships for 80 students from poor families.

115 young people from the SOS Children's Village usually move on to the Youth House and/or SOS Youth Programme when they start a vocational training course or go on to higher education. With the support of qualified counsellors, they develop perspectives for their future, learn to shoulder responsibility and increasingly make their own decisions. At Danang, SOS also offer young people workshops for basic technical training.

Communications & Fund Development Director, Nguyen Vo Truc Giang said "We thank you very much for your offer to organize fundraising during UFO's meeting in Danang this May 2018. Your kind initiatives will help us a lot in taking better care for orphans, abandoned children and giving more support to children from struggling families around Danang and Quang Nam area of Vietnam."

# UFO IS AN OFFICIAL MEDIA SPONSOR AT THE FIATA WORLD CONGRESS 2018

Wendy Schuller, a valued member of the UFO Head Office team has been busy setting up many partnerships with industry exhibitions (see page 6).

We are delighted that UFO is an Official Media Partner at the FIATA World Congress 2018, which will take place from 26-29 September at the Pullman/Novotel Hotel, New Delhi, India.

FIATA President, Babar Badat says: "For many centuries Delhi has been a dominant trading & commercial centre in northern India. This tradition as well as Delhi's important role in the economy of modern India makes it a perfect place for FIATA members from all over the world to gather, meet & greet, explore business opportunities and update their knowledge on global logistics, freight forwarding & connectivity issues.

The increase of global production and acceleration of urbanization created a demand for more investment and amplified capacities in logistics. More roads, railways, airports, bridges, ports, and logistics centres are needed, the sustainability, efficiency and effectiveness of which to be brought about by intelligent IT solutions. Investment into our industry's human resources must ensure that freight forwarders are prepared to meet future challenges. All these objectives and dynamics are condensed into our Congress theme 'The Future Starts Here'."

The UFO logo is displayed on FIATA World Congress 2018 website & brochure:

[www.fiata2018.org/media.php](http://www.fiata2018.org/media.php)

We hope that our collaboration with FIATA and other events will continue to raise UFO's profile to a growing worldwide audience of industry executives.
