**Logistics Group**

# Company Presentation

---

Be wise, choose Smart!!

# Who we are?

We are an integrated logistics provider offering supply chain solutions for traditional or complex customer needs

We offer air, ocean and in-land freight forwarding, warehousing, customs clearance, distribution and project cargo logistics.

We are distinguished by personal service, our global network, our leading position in emerging markets and our tailor made solutions.

 Freight Forwarding

 Supply Chain Solutions

 Global Coverage

# About Us

We are an international freight forwarding company and NVOCC

## Global Reach

With key partners in Mexico, Canada,  
Colombia, UK, Italy, Turkey, India, Dubai &  
Hong Kong

## Over 200 agents

We are part of 3 networks around the world that gives us global coverage in the countries where we don't have our own office. We have over 200 agents worldwide.

**We can ship your goods anywhere in the world, with no restriction as to size, weight or mode. Our global team will guide your freight through regulatory compliances and customs points, with local oversight at several destinations.**

# Our Mission

Building smart logistics solutions

## We have a double mission:

We want to share our knowledge and experience offering global logistics solutions and at the same time, we want to make sure our customers receive unparalleled service from our staff.

- ✓ Knowledge
- ✓ Experience
- ✓ Trust
- ✓ Confidence
- ✓ Tranquility for our customers

**+350 happy  
customers**

A truly personal service oriented to people and their values.  
We based our success on passion, commitment and building trust with our customers.

# Our Values

- ✓ Committed to people
- ✓ Honesty & Integrity
- ✓ Proactivity
- ✓ Positive attitude
- ✓ Responsible
- ✓ Professionalism
- ✓ Sense of urgency

## Not only words...

These values drive our business and our performance every day. We proudly have a 99% of customer satisfaction survey results.

# Logistics Services

We keep your business moving between countries and continents.

### FCL

We are the market leader supplier from Europe to Mexico and Canada, nevertheless we offer worldwide coverage.

### LCL / LTL

Offering our own LCL service to Mexico and co-loading to any other destination in the world.

### AIR FREIGHT

IATA agent with full coverage and commitment to expedite air freight.

# Logistics Services

## IN-LAND TRANSPORT

Our Road and Rail specialists will ensure operational excellence as well as cost-effective solutions that meet your needs.

## WAREHOUSING

We offer flexibility in facility size and type, we are able to select an existing site or set up what you need for optimal proximity.

## CUSTOMS CLEARANCE

With market knowledge and close communication with our customers we provide high quality clearance services.

# Logistics Services

## PROJECT CARGO

We offer heavy-lift and out-of-gauge cargo logistics support for engineering, oil and gas, energy, plant relocation, aviation & marine, mining and military industries. As project managers or expert consultants, we handle logistics planning at all stages of the project cycle. We develop route plans, risk contingency plans, cost assessment and survey services vital to most of this type of projects.

# Company Certifications

Good Distribution Practices  
(GDP) Certification

**2016**

**2013**

Authorized Economic Operator  
certification

First Spanish freight forwarder  
to obtain the carbon footprint  
certification

**2012**

**2012**

We obtained ISO9001  
certification for our operating  
procedures

# Corporate Forest

We all can contribute to a better world!!

We proudly compensate our CO2 emissions with a forest in the Cantabric coast with over 350 trees and adding more every year.

**Only 10%**  
freight  
forwarding  
companies  
compensate

**8 inches**

Since 1870, global  
sea levels have  
risen by about 8  
inches

**2%**

Only a few  
customers are  
supporting our  
forest
